Building a Victim-Centered Response to Mass Violence

Do you know who handles emergency response plans for your

- Tribe?
- County?
- State?
- Federal?

Locate Emergency Response Plans

Identify Existing Resources and Resource Gaps within the Community

Identify current resources available in the community.
Identify additional resources to address any unmet needs.
Identify special populations and geographical issues in your area that may need specialized resources.

Does your emergency response plan already include a victim assistance component?
